§ 54.311 Interim hold-harmless support for non-rural carriers.

(a) *Interim hold-harmless support.* The total amount of interim hold-harmless support provided to a non-rural incumbent local exchange carrier shall equal the amount of support calculated for that carrier pursuant to part 36 of this chapter. The total amount of interim hold-harmless support provided to a non-rural incumbent local exchange carrier shall also include Long Term Support provided pursuant to § 54.303, to the extent that the carrier would otherwise be eligible for such support. Beginning on January 1, 2000, in the event that a State's statewide average FLEC per line, calculated pursuant to § 54.309(a), does not exceed the national cost benchmark, non-rural incumbent local exchange carriers in such State shall receive interim hold-harmless support calculated pursuant to part 36, and, if applicable, § 54.303. In the event that a State's statewide average FLEC per line, calculated pursuant to § 54.309(a), exceeds the national cost benchmark, but the amount of support that would be provided to a non-rural incumbent local exchange carrier in such State pursuant to § 54.309(b) is less than the amount that would be provided pursuant to part 36 and, if applicable, § 54.303, the carrier shall be eligible for support pursuant to part 36 and, if applicable, § 54.303. To the extent that an eligible telecommunications carrier serves lines in the service area of a non-rural incumbent local exchange carrier receiving interim hold-harmless support, the eligible telecommunications carrier shall also be

entitled to interim hold-harmless support in an amount per line equal to the amount per line provided to the non-rural incumbent local exchange carrier pursuant to paragraph (b) of this section.

(b) *Distribution of Interim Hold-Harmless Support Amounts.* Until the third quarter of 2000, interim hold-harmless support shall be distributed pursuant to part 36 and, if applicable, § 54.303 of this subpart. Beginning in the third quarter of 2000, the total amount of interim hold-harmless support provided to each non-rural incumbent local exchange carrier within a particular State pursuant to paragraph (a) shall be distributed first to the carrier's wire center with the highest wire center average FLEC per line until that wire center's average FLEC per line, net of support, equals the average FLEC per line in the second most high-cost wire center. Support shall then be distributed to the carrier's wire center with the highest and second highest wire center average FLEC per line until those wire center's average FLECs per line, net of support, equal the average FLEC per line in the third most high-cost wire center. This process shall continue in a cascading fashion until all of the interim hold-harmless support provided to the carrier has been exhausted.

(c) *Petition for waiver.* Pursuant to section 1.3 of this chapter, a State may file a petition for waiver of paragraph (b) of this section, asking the Commission to distribute interim hold-harmless support to a geographic area different than the wire center. Such petition must contain a description of the particular geographic level to which the State desires interim hold-harmless support to be distributed, and an explanation of how waiver of paragraph (b) of this section will further the preservation and advancement of universal service within the State.

(d) *Phase down of interim hold-harmless support.* Beginning January 1, 2001, the interim hold-harmless support for which a non-rural incumbent local exchange carrier qualifies under paragraph (a) of this section, excluding Long Term Support, shall be phased down through annual \$1.00 reductions in average monthly, per-line support.

Applicable annual reductions shall be subtracted from the total amount of interim hold-harmless support that a non-rural incumbent local exchange carrier otherwise would be eligible to receive on an ongoing, quarterly basis. The provisions of paragraph (b) of this section shall apply to the total amount of phased-down interim hold-harmless support provided to each non-rural incumbent local exchange carrier.

(1) Interim hold-harmless support for a wire center transferred to a carrier that does not meet the definition of rural telephone company in § 51.5 of this chapter shall be phased down following the transfer over the same time period as the seller's support would have been phased down, by an equal percentage for each year of the phase-down period.

(2) Interim hold-harmless support for a wire center transferred to a carrier that meets the definition of rural telephone company in § 51.5 of this chapter shall remain frozen at the per-line support level as of the sale date.

§ 54.313 State certification of support for non-rural carriers.

(a) *Certification.* States that desire non-rural incumbent local exchange carriers and/or eligible telecommunications carriers serving lines in the service area of a non-rural incumbent local exchange carrier within their jurisdiction to receive support pursuant to §§ 54.309 and/or 54.311 must file an annual certification with the Administrator and the Commission stating that all federal high-cost support provided to such carriers within that State will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. Support provided pursuant to §§ 54.309 and/or 54.311 shall only be provided to the extent that the State has filed the requisite certification pursuant to this section.

(b) *Carriers not subject to State jurisdiction.* A non-rural incumbent local exchange carrier not subject to the jurisdiction of a state or an eligible telecommunications carrier not subject to the jurisdiction of a state serving lines

in the service area of a non-rural incumbent local exchange carrier that desires to receive support pursuant to §§ 54.309 and/or 54.311 of this subpart must file an annual certification with the Administrator and the Commission stating that all federal high-cost support provided to such carriers will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. Support provided pursuant to §§ 54.309 and/or 54.311 of this subpart shall only be provided to the extent that the carrier has filed the requisite certification pursuant to this section.

(c) *Certification format.* A certification pursuant to this section may be filed in the form of a letter from the appropriate regulatory authority for the State, and must be filed with both the Office of the Secretary of the Commission clearly referencing CC Docket No. 96–45, and with the Administrator of the high-cost universal service support mechanism, on or before the deadlines set forth in paragraph (d) of this section. If provided by the appropriate regulatory authority for the state, the annual certification must identify which carriers in the State are eligible to receive federal support during the applicable 12-month period, and must certify that those carriers will only use support for the provision, maintenance, and upgrading of facilities and services for which support is intended. A State may file a supplemental certification for carriers not subject to the State's annual certification. All certificates filed by a State pursuant to this section shall become part of the public record maintained by the Commission. Non-rural incumbent local exchange carriers not subject to the jurisdiction of a state or eligible telecommunications carrier not subject to the jurisdiction of a state serving lines in the service area of a non-rural incumbent local exchange carrier, shall file a sworn affidavit executed by a corporate officer attesting to the use of the support for the provision, maintenance, and upgrading of facilities and services for which support is intended. The affidavit must be filed with both the Office of the Secretary of the Commission clearly referencing CC Docket No. 96–45, and with the Administrator of the
